| <input type="checkbox"/> Pots & Pans                            | <input type="checkbox"/> Paring & Bread Knife   |

#### **Tips for Securing and Packing Your Gear**

- Ensure your large items are secured... they will most likely move during travel. If at all possible utilize your storage areas inside and outside of your rig.
- Wrap items like your TV in blankets or towels and secure them on the bed or floor
- Non-Slip Lining works great for securing items that would normally roll around inside your cupboards and drawers
